Education

SRM University Of Science and Technology

Bachelor of Technology in Computer Science with AIML (GPA: 9.77 / 10)

Expected May 2027

Kattankulathur, Tamil Nadu

Prudence School Ashok Vihar

Higher Secondary School CBSE (Percentage: 85.6 / 100)

May 2023

New Delhi, Delhi

Prudence School Ashok Vihar

Secondary School CBSE (Percentage: 90.3 / 100)

May 2021

New Delhi, Delhi

Experience

IIT Madras Pravartak Technologies Foundation

Projects Intern – Software Engineering

June 2025 – July 2025

Chennai, Tamil Nadu

- Worked with a Scrum-based engineering team on internal software projects.
- Developed backend services in Python and integrated REST APIs with relational databases.
- Used Git for version control and followed structured debugging and code review practices.

Projects

CrimeMapping360 | Flask, Python, JavaScript

- Developed a Flask-based web application to analyze location-specific crime patterns.
- Implemented backend logic to process user inputs and generate risk scores using ML models.
- Integrated Google Maps API to visualize locations and suggest safer routes.

Crowd Management System | Python, Flask, TensorFlow, Linux

- Developed a crowd monitoring system using computer vision to detect overcrowded areas.
- Integrated inference flow with backend logic to trigger alerts when thresholds were exceeded.
- Containerized the application using Docker for consistent runtime and easier setup.

Currency Converter | Python, Flask, REST APIs, Podman

- Built a backend service to fetch live currency exchange rates from an external API.
- Containerized the application using Podman to ensure a consistent Linux-based runtime environment.

Technical Skills

Programming Languages: C++, C, Java, Python, JavaScript

Databases: MySQL, PostgreSQL

Containers & DevOps: Docker, Podman

Operating Systems: Linux (Ubuntu), macOS, Windows

Version Control: Git

Concepts: Operating Systems, Data Structures, Algorithms, Object-Oriented Programming, Networking, Agile Methodology

Certifications

AWS Academy Graduate – Cloud Foundations (Amazon Web Services)

AWS Academy Graduate – Machine Learning Foundations (Amazon Web Services)

NPTEL – Programming in Java (Indian Institute of Technology, Kharagpur)

The Next-Gen Web Experience Hackathon – Runner Up (Eonverse)
