PROJECTS

[CrimeMapping360](#) | **Flask , JavaScript** Mar 2025 - Present

- Developed an AI-powered crime prediction system using Flask and scikit-learn, integrating geospatial data, weather, and population density to forecast potential crime types with real-time input.
- Engineered a safe route recommendation engine by combining Google Maps API with ML-based crime risk scoring to suggest the least risky travel path between locations.
- Implemented complete ML pipeline including data preprocessing, model training (RandomForest), API deployment, and visualization, ensuring modularity and scalability of the project.

[Crop Recommendation System](#) | **Flask, JavaScript** Feb 2025 – Mar 2025

- The project predicts the most suitable crop to grow based on input parameters like Nitrogen, Potassium ,Phosphorus , temperature ,humidity, rainfall and the ph using a machine learning model.
- It uses a RandomForest Classifier for training and achieving high accuracy in predicting the best crops for a given soil and environmental conditions.
- The project includes a Flask web application that provides a simple user interface for inputting soil data and getting crop recommendation instantly.

[Generative-AI](#) | **JavaScript, Flask** Apr 2025

- Developed a local Generative AI app using Ollama with DeepSeek R1 8B Model for efficient text generation.
- Implemented Python-based backend logic to manage model inference and real-time interaction.
- Integrated a Streamlit interface to handle user prompts and dynamically display AI-generated responses.

EDUCATION

B.Tech Computer Science Engineering W/S AIML Expected 2027
[SRM Institute of Science and Technology](#) CGPA: 9.35

Higher Secondary School - CBSE Apr 2020 - June 2022
[Nutan Vidya Mandir](#) 72.2%

Secondary School - CBSE July 2020
[Nutan Vidya Mandir](#) 81%

SKILLS

Languages : JavaScript,NodeJs, Python, C, C++, Java.

Database Management : MySQL

Spoken Languages : English (proficient), Hindi(native) , French (intermediate)

CERTIFICATION

[AI-ML Virtual Internship](#)

Issued by All India Council For Technical Education

[Android Developer Virtual Internship](#)

Issued by All India Council For Technical Education

[1st Runner Up](#)

Issued by Eonverse - The Next-Gen Web Experience Hackathon

[Introduction to Modern AI](#)

Issued by Cisco

[Nptel Online Certification - Programming in Java](#)

Issued by Indian Institute of Technology Kharagpur
